

It is my pleasure to share with you the 2013 IDCN Annual Report.

IDCN Executive Board would like to recognize the ongoing hard work and contribution from our 80+ spouse volunteers. Without them, their enthusiasm and commitment, IDCN would not exist in its' current format today.

Key successes in 2013 include:

- 100+ spouses found a job in their new location
- 50+ Corporate members
- Network launches in Sao Paulo and London

In 2014, new IDCN networks are planned for North America in New York and for the first time we will be expanding into the Asia Pacific region with networks in Shanghai and Dubai, proving IDCN is a global solution for mobile employees.
